-  **Affordable Homes**

#### Key to plan

- s/s Sub station
- g/g Gas governor
- v Visitor parking
- bcp Bin collection point

**Life Home**  
Our Life plots include adaptations to ensure your new home can be comfortably enjoyed for years to come. We have incorporated a range of practical adjustments to allow ease of access to and around the home, such as wider doors and hallways, spacious ground-floor water closets, step-free access, and clear access zones around windows and beds.

 The air source heat pump technology fitted in our 'e' plots is completely fossil fuel-free, offering a highly efficient and environmentally friendly heating system to provide a warm, comfortable home all year round.

The site plan is drawn to show the relative position of individual properties. NOT TO SCALE. This is a two dimensional drawing and will not show land contours and gradients, boundary treatments, landscaping or local authority street lighting. Footpaths subject to change. For details of individual properties and availability please refer to our Sales Advisor.
